Online Class Fact Sheet

Delta Forensics Training Programs

Online Webinar Series Training (\$125 per series)

1. Introduction to Latent Prints

Scope: This series serves as an introductory training program for students and new latent print analysts. The program consists of 7 recorded lectures, totaling 15 hours of training. (Approved by the IAI CLPE Board for credit towards initial certification) The included sessions are:

- Introduction to Latent Prints (2 Hours)
- Latent Print Processing: Non-Porous Evidence (2 Hours)
- Latent Print Processing: Porous Evidence (2 Hours)
- Latent Print Processing: Blood Reagents (2 Hours)
- Features of Friction Ridge Examination (3 Hours)
- Alternate Light Source & Basic Forensic Photography (2 Hours)
- Latent Print testimony (2 Hours)

2. Crime Scene Latents

Scope: This series is designed for students and analysts whom may be tasked with the development of latent impressions and the documentation of the evidence and obtaining known impressions for comparison examinations. The program consists of 7 recorded lectures, totaling 16 hours of training. The included sessions are:

- Introduction to Latent Prints (2 Hours)
- Latent Print Processing: Non-Porous Evidence (2 Hours)
- Latent Print Processing: Porous Evidence (2 Hours)
- Latent Print Processing: Blood Reagents (2 Hours)
- Alternate Light Source & Basic Forensic Photography (2 Hours)
- Basic Digital Photography (2 Hours)

- Obtaining Quality Exemplar Impressions (2 Hours)

3. Latent Print Photography

Scope: This series is designed for analysts responsible for the processing and examination of latent impressions as well as the photographic capture of evidence for examination purposes. The program consists of 7 recorded lectures, totaling 15 hours of training. (Approved by the IAI CLPE Board for credit towards initial certification and recertification) The included sessions are:

- Latent Print Processing: Non-Porous Evidence (2 Hours)
- Latent Print Processing: Porous Evidence (2 Hours)
- Latent Print Processing: Blood Reagents (2 Hours)
- Alternate Light Source & Basic Forensic Photography (2 Hours)
- Basic Digital Photography (2 Hours)
- Basic Evidentiary Photography (3 Hours)
- Latent Print testimony (2 Hours)

*Certificates are issued for all programs upon completion
